

# SOUNDS OF THE LOBBY LOUNGE

Entertainment Schedule April - May 2020

Tune in every Wednesday from 4:15pm - 5:00pm (PST) via Facebook live for virtual music sessions highlighting some of Vancouver's best talent that traditionally headline the stage at The Lobby Lounge, curated by Siegel Entertainment.

APRIL 29

## Adam Thomas, 4:15pm (PST)

JUNO Nominated vocalist Adam Thomas performs favourite radio hits from this year all the way back to the jazz and big band era, and a wide array of classics from in between. His unique sound combines elements of soul, jazz, indie and top 40 music.

MAY 6

## Antoinette Libelt, 4:15pm (PST)

Antoinette Libelt is an indie pop diamond in the rough. Growing up listening to artists like Michael Jackson and Aretha Franklin, she has emulated their powerful and soulful voices. Her style ranges from Top 40 hits to RnB and Country, ensuring her performance will have something for everyone.

MAY 13

## Neal Ryan, 4:15pm (PST)

Originally from Dublin, Ireland and hailing from an intensely musical family, Neal Ryan's love for his craft comes from a long lineage of storytellers, musicians and artists. Neal's own original works bear large resemblance to the "Troubadour" era of the late 60's and 70', with inspiration from artists like James Taylor and Cat Stevens.

MAY 20

## Rob Eller, 4:15pm (PST)

Rob Eller is a singer/guitarist/entertainer who chooses to express his music as a solo, and has had a guitar in his hands since his 9th birthday. He fills up the rooms he performs in with the sound of a full band, paying extra attention to musical dynamics, continually finding new ways to express a song.

MAY 27

## Paul Filek, 4:15pm (PST)

Paul Filek is a Canadian Singer Songwriter from Kamloops, BC who's released three albums and one EP. As well as being a Top 40 Canadian Idol Finalist in 2007, he has also had the pleasure of sharing the stage with many great artists including INXS, Carly Rae Jepsen, and more. Using a Looper Pedal he produces a live on stage band to accompany him using only his guitar, vocals, and imagination.
